

AI STARTER PACK

Gain Insights from your files and business data with our AI Starter Pack.

AI HAS BECOME A VITAL RESOURCE FOR ORGANISATIONS SEEKING A COMPETITIVE EDGE TO DELIVER BUSINESS GROWTH. MANY ORGANISATIONS ARE KEEN TO EXPLORE THE BENEFITS IT CAN BRING, BUT LACK THE TECHNICAL EXPERTISE TO USE IT EFFECTIVELY, OR REMAIN HESITANT TO IMPLEMENT IT AS PART OF THEIR IT STRATEGY. THAT'S WHERE OUR NODE4 AI STARTER PACKS COME IN.

These packs can be applied to wide range of uses and will provide value to many different organisations. Use sophisticated algorithms and machine learning models to extract insights and make predictions, thanks to the vast data you already hold. Or apply AI to a variety of business applications, from chatbots that enhance customer service to predictive models that optimise supply chain operations. Whichever package you choose, or your level of expertise, we can provide a package that will allow you to reap the benefits of AI.

UNLOCK YOUR FULL POTENTIAL WITH THE POWER OF AI

Node4's AI Starter Packages are tailored solutions designed for you to consume advanced AI-driven services in various industries, including Retail, Finance, Telecommunications, and more. Each package is flexible and scalable, and can be tailored to address specific challenges and requirements across different industry verticals.

Alongside our training tools and resources, which will help create a seamless integration, our AI experts will provide comprehensive support throughout the entire process, ensuring you benefit from our technical expertise.

KEY BENEFITS

- 
HANDS ON WITH THE AI SOLUTIONS
 Get to grips with a secure version of ChatGPT in your own tenant, and leverage Azure Open AI to aid general day-day work tasks.
- 
FLEXIBLE AND ADAPTABLE
 Each package can be tailored to address your specific and evolving challenges.
- 
SEAMLESS INTEGRATION
 Through technical expertise and available training resources, you will experience a seamless integration throughout.
- 
COMPETITIVE ADVANTAGE
 Use your files and data to make quick and accurate decisions to help stand out in a competitive market and grow your business.
- 
COMPREHENSIVE SUPPORT
 Our team of experts are on hand to guide and support you through the entire implementation and help you accelerate your AI journey.
- 
24/7/365 SERVICE
 A full Managed Service for the Azure AI environment with our Enterprise AI Package worth £35,000 PA, giving you peace of mind with your security.
- 
TAILORED SOLUTIONS
 AI allows us to be 100% adaptable, tailoring each solution to suit your current and evolving challenges.

The packages on offer provide solutions ranging from fraud detection, customer sentiment analysis, investment portfolio optimisation, personalised customer experiences and more, providing tangible value, enhanced security, improved customer satisfaction and optimised operations.

In particular, AI can unlock the true value of the data at your fingertips, extracting invaluable insights from your files and documents. And analysing more than structured data enriches your decision making, providing your organisation with the ability to correlate data far beyond the capabilities of classic reporting.

Thanks to our status as Microsoft Azure expert partner and our deep understanding of data, analytics and AI, we're able to build tailored, secure solutions that benefit you, delivering enhanced outcomes and ROI from the files and data you already have.
